Explosionproof ATEX GSM

Always reachable by telephone

The accessibility of many GSM user terminates at the gate when it comes to explosion proof environments. And while the need for external communication continues unabated. Flash rents explosion proof mobile phones that meet the most stringent ATEX standards (ATEX II 2G Ex ib IIC T4 Gb, II 2D Ex ib IIIC T135°C) and therefore to use in any environment. The mobile phones of Flash are connected to the mobile network of KPN Telecom BV. In Belgium relationships can use a GSM prepaid card.

Call charges

Call by means of an itemized invoice from our service provider charged to you. For this administrative action is 10% surcharge. The subscription was completed based on telephony and not sending data.
