DMR repeater

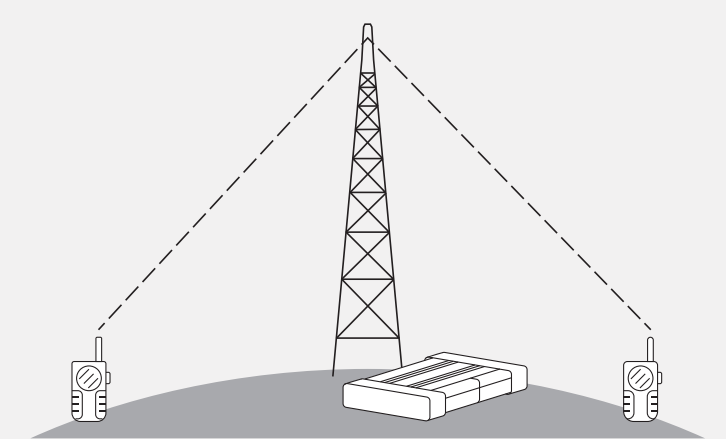

Improves your coverage

The repeater's automatic receiving and transmitting station doubles the range. This is particularly important in radio communication over larger distances, as well as in steel structures or on heavily developed sites. The repeater uses an external base station antenna and has high transmitting power. The equipment comes in a compact transport case, is ready-to-use and can be connected to a normal power supply.

RENTAL PERIOD - PRICES PER DAY	DAY	WEEK	MONTH	2 MTHS	6 MTHS	1 YEAR
DMR repeater including power supply and antenna	€ 18.15	€ 13.60	€ 9.10	€ 7.75	€ 6.60	€ 4.10
